

Stay Vigilant, Stay safe

SEPTEMBER 2018

TARRING FLOOD ACTION GROUP PROJECT

This months Forum will meet as usual, but will major on the **Tarring Flood Action Group** and the proposed work to be undertaken in addressing, surface water flooding in parts of Tarring Village.

A display of the final options will be on show, along with posters designed by Durrington High School and Thomas A Becket Junior.

PLEASE NOTE the Meeting will start at the slightly earlier time of 6.30pm on Tuesday 11th September at the usual venue: West Worthing Baptist Church – South street – Tarring and will be in the “SMALL HALL” not the “Tarring Room as usual”!

Please join us if you can.

In the meantime please read the study and give us your views and preferred options.

'Project Centre' Landscape gardeners are providing the feasibility study which can be found on the website at: <http://worthingnhw.ourwatch.org.uk/> under the “Local News” Tab. simply 'click' on Tarring Flood Action Group Project.

Further to the above, the latest FLOOD ACTION GROUP NEWSLETTER can also be found in the same place.

Help us to keep Tarring Park litter free. A fun event
Lollipops for the children on the day

CHURCH HOUSE GARDENS

Our friends at the **Tarring Priory Bowling Club** has now installed CCTV to monitor activity around the Bowling Green and Clubhouse and we are hoping that New Signage, intended to address behaviour within Church House Gardens, will shortly be installed by Worthing Borough Council

Regrettably, the requested permission for **TCForum "Friends of Tarring Park" group**, to take control of opening and closing Church House Gardens, has yet to be granted and whilst we have received assurances that it is all going ahead, we await the outcome of Worthing Borough Council's deliberations with interest and increasing frustration!

THE RAILWAY CROSSINGS

Further to recent discussions regarding the time crossing barriers remain down on the Tarring Railway Crossing, it has been suggested by one of our members that Signage requesting Drivers to **"Switch Of Engines"** whilst waiting at the crossing should be installed.

Recent enquiries suggest that currently, the crossings fails to meet the criteria for the Council to install them for public health reasons, but it has been suggested, that a "Crowd Funding" or "Just Giving" appeal may be appropriate.

Please come along and join the discussion, we want your thoughts, Ideas and support.

NO NEIGHBOURHOOD WATCH?

We have had a number of people wanting to join Neighbourhood Watch, disappointed because there is no Scheme in their Street!

There is nothing to stop you joining Neighbourhood Watch as an individual, but NHW works best as a Street Scheme with a Coordinator at the "helm", so why not become a Coordinator yourself.

Why not do it now, go on-line today at: <http://worthingnhw.ourwatch.org.uk/> .

To become a Coordinator, you will require a "Police Check"... just to ensure you're not an arch criminal and we'll give you the support you need to get things underway.

Don't delay, Do it today!

For further information, on starting a Neighbourhood Watch Scheme, please email me, Terry Rickards, at: worthingnhw@gmail.com and I'll be pleased to assist.

As always, we look forward to seeing you at the next TCForum (please note earlier time)
