Update

I'm sure you are delighted to hear that Sussex Police are increasing the number of PCSOs on our streets and have already provided a named Officer for each community, but may I please ask you to "manage your expectations". With the busy Christmas period ahead and a huge tranche of Police Constables and PCSOs in training, who will not be fully deployed until well into next year, resources will inevitably continue to be stretched for a while. Please remember too, that although you will have a named PCSO on your patch, who will spend as much time there as possible, they will still be operational across the entire district and deployed elsewhere when required. One way you can assist your new PCSOs is to see that you report any criminal or suspicious activity every time (do not wait for someone else to do it).

This information and intelligence will help them to get to grips with the area as quickly and effectively as possible.

Terry Rickards, Chair Worthing Neighbourhood Watch.
